### PRIORITY ROOM SELECTION IN FOUR SIMPLE STEPS!

1. Select a day and time during the room selection period.
2. Bring your RebelCard with you.
3. Bring a book or magazine to pass the time should you have to wait.
4. Have a few housing selection plans just in case plan “A” doesn’t work.

Once you sign in and are called, you’ll meet with a staff member to select your room assignment for next year from a floor chart of the building of your choice. You’ll see which spaces have already been selected and where vacancies are.

### ROOMMATES & SUITEMATES

Getting to choose your roommate, suitemates or neighbors makes the room selection process and returning to housing ideal. If you want to guarantee that a room or suite is held for you and your friends, come together to priority room selection!

1. Request each other on your housing applications.
2. Come together on the same day; if you can’t all come together complete a proxy form so your friend can choose for you! Proxy forms are available on our website.

### CAN’T ATTEND PRIORITY ROOM SELECTION? GET A PROXY!

If you’re unable to participate in the Priority Room Selection process, you can authorize someone to be your proxy and select your room! He or she will go through the described procedure in your place.

You must provide your proxy with the following items to be presented:

- A photocopy of your RebelCard
- A completed and signed proxy application

Current residents who do not participate in the Priority Room Selection process will be placed on a space-available basis with all incoming residents.
